- 6.3 Differentiate between and execute appropriate incident response procedures.
- 4.3 Within the realm of vulnerability assessments, explain the proper use of penetration testing verses vulnerability scanning.
- 4.1 Conduct risk assessments and implement risk mitigation.
- 1.4 Carry out the appropriate procedures to establish application security.
- 1.5 Implement security applications.
- 4.7 Conduct periodic audits of system security settings.
- 4.2 Carry out vulnerability assessments using common tools.

For a complete listing of CompTIA Security+ (2008 Edition) Exam objectives, please visit certification.comptia.org.

Receiving your certificate: Please carefully review the following steps to ensure proper delivery of your certificate. If you do **not** complete the following procedure, you will **not** receive your certificate.

1. Please allow **5 business days** after you've taken your CompTIA Security+ (2008 Edition) Exam, then visit <http://www.comptia.org/careerid> and logon using your user name and password. If this is the first time to access this website, you will need the information contained in this score report to create a user name and password.
2. Once you have accessed your certification record, please carefully review your first and last name and all of your demographic information.
 - a. If all the information is correct, please move on to Step 3.
 - b. If your name is **not** correct, please logout of the website and contact CompTIA

- immediately at: questions@comptia.org. DO NOT click the submit key.
- c. If any of your other demographics are incorrect please make the correction to your record and move on to Step 3.
3. Please click the submit button. By clicking the submit button you will be confirming that all your demographic information is correct and authorizing CompTIA to ship your certificate. Once CompTIA has received your authorization, CompTIA will generate your certificate which you will receive via mail within four to six weeks of having completed this process online.

Track your exam history on-line: Please visit <http://www.comptia.org/careerID> to access your exam history, update your demographics, and verify certification status. Allow 5 business days for your CompTIA web record to be updated with the CompTIA Security+ (2008 Edition) Exam results.

CompTIA Retake Policy

In the event you have passed the CompTIA Security+ (2008 Edition) Exam, you shall be required to wait for a period of twelve (12) calendar months before retaking the CompTIA Security+ (2008 Edition) Exam, unless CompTIA has changed the test objectives for the exam.

In the event you have failed the CompTIA Security+ (2008 Edition) Exam, CompTIA does not require any waiting period between the first (1st) and second (2nd) attempt to pass such examination. However, before your third (3rd) attempt or any subsequent attempt to pass such examination, you shall be required to wait for a period of at least fourteen (14) calendar days from the date of your last attempt to pass such exam. CompTIA beta Certification exams may only be taken one (1) time by each candidate.

If it is determined that you have violated CompTIA's retake policy, you may not be eligible to register and/or schedule any CompTIA certification examination for a minimum period of twelve (12) calendar months from the date of such determination, if determined necessary or appropriate by CompTIA.
